Reason:

Later documents intentionally refine earlier thinking.

Document Freshness

Document Type:

Strategic Doctrine

Freshness Tier:

Tier 3 (Long-Lived)

Expected Change Frequency:

Low

These documents should not be casually rewritten.

Update only when:

strategy materially changes
major milestone changes assumptions
founder + lead developer explicitly revise direction

Important Philosophy

These documents are intended to support:

disciplined flexibility

The project should remain:

intentional
trust-first
consumer-centered
quality-focused
adaptive

without becoming:

rigid
bureaucratic
scope-chaotic
